

Exploration Tower

AT PORT CANAVERAL

Central Florida's Newest Attraction

Get a spectacular bird's eye view of Port Canaveral and the surrounding area from our observation deck at the Exploration Tower. Discover more about this unique part of Florida from seven floors of exhibits and interactive play.

The new Exploration Tower at Port Canaveral officially opened November 4th 2013, as part of the Canaveral Port Authority's celebration of their 60th anniversary.

4th Floor Meetings and Events

The fourth floor is a special level dedicated to our guests who want a private event; from meetings to receptions, it's equipped to handle all of the uniqueness of any celebration. Please visit our website for more rental information.

5th Floor Navigating Port Canaveral

Experience what it is like to be a Port Canaveral Pilot and navigate your boat using a simulator through Canaveral Harbor to greet cruise ships.

1st Floor Guest Information, Café and Shop

Visitors enter the first floor of the new Exploration Tower via a lake-skimming promenade to find a friendly information/reception desk, an inviting gift shop and a corner café that will treat guests to a relaxed atmosphere and good food.

2nd Floor Port Origins and Fragile Environment

This floor is dedicated entirely to interactive exhibits in a 2,750 square-foot space with wonderful views of both the lobby and sculptures of marine life made of 100% recycled materials. Discover and learn of the early native populations, the first European settlers and the history of the Port. Explore Central Florida's past and present with the touch of a finger using our large-scale interactive map.

3rd Floor Leisure and Recreation Theater

Learn about the Port's vibrant history and the key events that helped transform it into the flourishing harbor we know today in our 72 seat, state-of-the-art Theater. This one-of-a-kind movie can only be experienced here at the Exploration Tower.

7 Stories of Exploration and Fun

- Indoor and Outdoor Observation Decks
- Event Space
- Auditorium
- Café
- 5,500 ft. of exhibit space
- Gift Shop

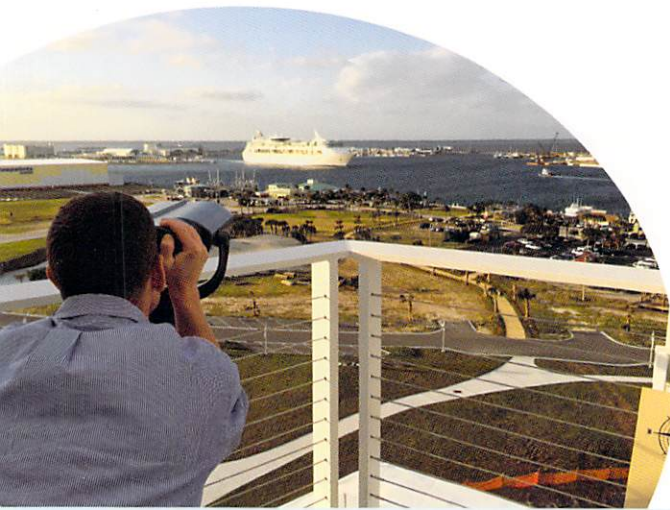

6th Floor Air and Space Port

This indoor observation level faces Kennedy Space Center, the birth place of America's space program and popular visitor destination. This exhibition zone celebrates the frontiers of air and space, including the view of a rising rocket.

7th Floor Outdoor Observation Deck

A never before seen panoramic view of not only Port Canaveral and our cruise ships, but of Kennedy Space Center, surrounding beach and river, and the spectacular wild-life that is located here in Brevard County!

Jetty Park

Play in the surf at an ocean beach, stroll a 1,200 foot jetty, picnic waterside or camp under the stars, all in Jetty Park; plus dine at an array of unique restaurants waterside in The Cove.
